HITLER OFFERS NOTHING BUT PEACE OF DEFEAT & DEGRADATION

Seeking To Make The Democracies Lose War By Quarrel About Aims

LONDON, Oct. 8 (REUTER).—HERR HITLER OFFERS NOTHING BUT A PEACE OF DEFEAT AND DEGRADATION, DECLARES MR. JAMES L. GARVIN WRITING IN "THE OBSERVER." HE ADDS THAT HITLER SEEKS TO MAKE THE DEMOCRACIES LOSE THE WAR BY A PRE-MATURE QUARREL ABOUT THEIR WAR AIMS.

"Make no mistake, the democracies have first to fight for their very lives and if they come well through that during the next three months, by all means talk of war-aims afterwards."

Mr. Arthur Greenwood, Deputy Leader of the Labour Party, spoke in London to-day at the Labour Conference and said that Herr Hitler offered no real peace terms.

Britain would gladly consider any genuine offers, but Hitler spoke as a victor.

No Reference To Hitler Or The War By Mussolini

ROME, Oct. 8 (REUTER).—Signor Mussolini, addressed 500 Fascist leaders from Sardinia at the Palazzo Venezia, but, according to Rome Radio his 20-minute speech contained no reference to Herr Hitler's speech or to the war.

LONDON, Oct. 8 (REUTER).—The German "Freedom" Station, which had been silent for several nights has started again, and in commenting on Herr Hitler's speech, the announcer said: "Hitler knows we shall achieve peace eventually by fighting not against the British and France soldiers, but against him and his criminal Government."

"Herr Hitler felt compelled to speak for peace, because he knows that the Germans cannot, and will not, endure a prolonged war. What Herr Hitler wants is not peace, but victory of force."

SPANISH VIEW

MADRID, Oct. 8 (REUTER).—Herr Hitler's speech is generally regarded in the press as sincere and conciliatory in tone and providing a basis for a peace settlement. It held that it merits serious study by the Democracies.

TRANSLATIONS LOCKED

HITLER SENDS A PRESENT TO GESTAPO CHIEF

LONDON, Oct. 8 (REUTER).—Friends of Herr Heinrich Himmler, Chief of Herr Hitler's dreaded secret police, Gestapo, yesterday congratulated him on his 39th birthday.

Herr Hitler sent him a personal present.

Himmler, like the German Fuehrer, has frequently uttered words which he no doubt regretted later. For instance, he told the noted British correspondent, Sir Philip Gibbs, "We don't want the Poles, Czechs and Ruthenians in the German State. As for Napoleon," he continued, "we too have read little history and know what happened to him."

No doubt it was with Napoleon's example in mind that Himmler put away his little nest-egg of \$300 in foreign banks.

Transfer Of Minority Groups

RIGA, Oct. 8 (REUTER).—An announcement states: "Following the declaration by the Reich Chancellor concerning the transfer of minority groups, the German Minister to Riga called on the Foreign Minister with a view to obtaining the consent and approval of the Latvian Government for the repatriation of Germans resident in Latvia."

The Latvian Government has no intention of opposing the action.

LONDON, Oct. 8 (REUTER).—Air Chief Marshal Sir Cyril L. N. Newall, Chief of the Air Staff, said yesterday at a press conference in Paris that many squadrons of the Royal Air Force were already in France and more would follow.

The very close co-operation between the British and French air forces gave promise of successful prosecution of the war.

The R.A.F. and their Allies were on the road to establishing air supremacy on the Western Front. The French civilians, added Sir Cyril, had been most helpful.

JAPANESE IN FULL OCCUPATION OF SHEKKI: CHINESE RESISTING IN EVERY STREET: TOWN IN RUINS

Invaders Machine-Gun Villagers In Chohang

CHUNGSHAN, Oct. 8 (REUTER).—THE JAPANESE ARE NOW IN FULL OCCUPATION OF SHEKKI. Japanese troops entered the town after nightlong fighting on the outskirts, with the Chinese resisting in every street, while Japanese planes bombed the unoccupied portions of the city.

Gen. Cheung Wal-chung was last seen directing the Chinese resistance.

Japanese planes started dropping bombs and machine-gunning the villagers in the vicinity of Chohang, but respected the refugee centre at Chohang.

The villagers elsewhere are fleeing in panic before the bombing planes and stragglers are endeavouring to proceed to Macao.

Owing to their lack of ammunition, the Chinese resistance crumbled early to-day and the soldiers are melting away, though isolated groups are continuing to fight at scattered points.

A later message stated that, after successfully repelling dozens of Japanese attacks during the past two years, and principally during recent months, due to the gallant encouragement and organization by Gen. Cheung Wal-chung, Chungshan suffered the loss of Shekki to-day.

Whereas previously the Japanese employed some hundreds, they are now employing thousands of naval as well as military units and scores of aeroplanes, which are continuously machine-gunning and bombing the Chinese, while their artillery is maintaining unceasing shelling.

Gen. Cheung Wal-chung, who directing the Chinese resistance to the east of Shekki with local farmers, managed to hold the Japanese attack, but other Japanese forces succeeded in penetrating from the south-west, which was defended by recently arrived Chinese regulars.

REDUCED TO RUINS

SZEKUI, KWANGTUNG, Oct. 8 (Central).—Shekki has been reduced to ruins by repeated Japanese air bombings.

Many people were killed and wounded when Japanese planes machine-gunned the villages around Shekki on Oct. 5 and 6.

HEAVY JAPANESE DEFEAT (BACK PAGE)

INQUIRY INTO SINKING OF SWEDISH SHIP

STOCKHOLM, Oct. 8 (REUTER).—The inquiry into the sinking of the Swedish steamer Gun by a Nazi submarine was continued in Stockholm yesterday.

The Second Officer of the Gun stated that the crew of the vessel were told that their Captain, who was taken on board the U-boat, would be shot if they did not obey orders of the U-boat's boarding party.

One of the seamen told how German sailors ordered the Chief Engineer to open the sea-cocks: the crew were only allowed to take to the boats when the charge was lighted. They rowed like mad but the explosion failed to materialise and the ship sank from inflow of water.

The Captain's denial that he had tried to ram the submarine was supported by the crew who stated that the U-boat appeared on the starboard side.

A force of 1,000 strong has been created by a decree for the maintenance of order in Bohemia and Moravia. The force will be responsible to the Czech President, Dr. Hacha, reports Reuter from Berlin.

It was announced by the Egyptian Parliament that England is taking the 1,000,000 bales of cotton formerly taken by Germany, Poland, Czechoslovakia and Austria, states Reuter.

SOUTH CHINA "A" BEAT ST. JOSEPHS 6-3: LEE WAI-TONG SCORES TWO

Although St. Joseph's opened the score with a goal within the first two minutes of play in their Division I League match against South China "A" at Caroline Hill yesterday, the game was an entirely one-sided affair ending in an easy victory for the Chinese by six goals to three.

A feature of the play was the excellent goal-keeping of Sammy Tsang for the visiting team. If it saves South China would have won by a greater margin.

Leonard scored the first goal and South China soon equalised through Fung King-cheong, who also scored the next goal making the score 2-1 at half time.

In the second half of play the ball was almost continuously opposite the St. Joseph's goal. The home team were making rings round the visiting players and raining shots at their goal, but many went off the mark. The visitors' goal-keeping, however, had a hot time keeping his goal clear of many.

BRILLIANT SHOOTING
South China eventually managed to get past him through Lee Wai-tong and Lo Tau-man, who, through brilliant hard shooting raised the home team's score to 4-1, before Leonard again got possession of the ball, and taking advantage of a fairly open field, made no mistake in putting his second past Tam Kwan-kon into the South China goal, making the score 4-2.

Lee Wai-tong and Lo Tau-man were again responsible for raising the home team's score still further. Within ten minutes of the finish Gaan netted to reduce the visitors' deficit, bringing the final score to 6-3 in favour of the Chinese.

The teams lined up as follows—South China "A"—Tam Kwan-kon; Mak Siu-hon and Lee Tin-sang; Lau Hing-choi, Soong Ling-sing and Leung Wing-chiu; Tang Kwong-sum, Fung King-cheong, Lee Wai-tong, Lai Shiu-wing and Lo Tau-man.

St. Joseph's:—Sammy Tsang; Sousa and Costa; Pereira, Hussain and Honniball; Costello, Gaan, Lee Taeky, Leonard and Fernandes.

Playing at Sookumpoo yesterday, the Hongkong Police and the Royal Scots drew with a score of one goal each in the First Division.

The goalkeeper, McHardy, of the Police, and Clark, of the Royal Scots, did good work.

Wong Man-kwai, right wing, gave the Police the lead. Gordon equalised for the soldiers.

The following were the teams—H.K. Police—McHardy, Blackburn, and Hogarth; North, Gough and Chan Kong-ye; Wong Man-kwai, Ferrier, Fan Kwai-choi, Howlett and Moss.

Royal Scots—Clark; Naysmith and Fraser; Fleming, Falconer and Marshall; Hossack, Gordon, Holden, McDonald and McKay.

13 Soccer Games On Saturday

LEAGUE GETS UNDER WAY

The football season this year opened in Saturday with 13 matches played in the three divisions.

Playing on the Club ground, Eastern defeated Kwong Wah by three goals to one. Although the latter were reinforced with several new and strong players from other clubs, the quick tackling and swift play of the Eastern team proved useful.

The game opened with even play, but after 10 minutes, Eastern broke the monotony when Chung Kam-hoi secured an easy goal. Hau Ching-to added another point for Eastern following a melee before the Kwong Wah goal.

The score stood at 2-0 at the interval, and Eastern scored their third goal shortly after resumption of play. Towards the finish Kwong Wah, through Cheuk Shek-kam, scored by conversion of a penalty.

SOUTH CHINA'S VICTORY
The only other first Division league match was played at Caroline Hill between South China "B" and the Club. The Chinese walked away with a 4-0 victory.

The defeat of the Club, however, was chiefly due to the playing of several reserves who were not up to first division standard.

The play was strongly in the hands of the South China team, who were doing most of the attacking from beginning to the end.

Outstanding players for the winning side were Leung Pak-wai, at back, and Kwok Yin-ki, at centre-half, while the forward were well efficient to handle any breaks that afforded them opportunities to score.

The following are results of Saturday's games:

LADIES HOLD HOCKEY TRIALS

Three ladies' hockey clubs held trial games on Saturday afternoon, and there was an inter-school match, the Central British School, playing at home, defeating Diocesan Girls' School by four clear goals.

Both schools fielded a majority of players in their first competitive season, and the C.B.S., scoring through Misses V. Sassons (2), P. Bradbury and P. Moss, proved the stronger.

The Brown Cup competition this season should prove interesting, especially as it seems now a good number of regular Club players in the junior league will be moved up to the Caer Clark Cup teams.

Several former C.B.S. and D.G.S. players of last season were on view also on Saturday, and four of them, at the least, appear strong claimants for regular berths on senior league teams.

They are Miss D. McCaw, formerly of C.B.S. now with "Y" Ladies; Miss B. Greaves and Miss B. Longbottom, formerly of D.G.S. now with St. Andrew's; and Miss M. Booker, formerly of C.B.S. and now with Hongkong Ladies.

The Hongkong Ladies' turn-out at the Valley included two newcomers to Colony hockey, Miss B. Stratton, a former Cambridge player, and Miss T. Marr, formerly of Edinburgh Ladies' Hockey Club.

FINISHES REFLECT GOOD HANDICAPPING EXCELLENT DIVIDENDS

FIRST DAY OF H.K. JOCKEY CLUB'S 8TH EXTRA MEETING

Good handicapping was reflected in the several close finishes which gave Hongkong racing fans some thrilling moments on Saturday, the first day of the Eighth Extra Meeting of the Hongkong Jockey Club's current season. The meeting will be concluded to-morrow.

An outstanding feature of the day's sport was the two dead heats in the seventh race, when Blue Diamond and Taming Master tied for first position and Laughing Girl and Scenic View tied for the third place.

This is an exceedingly rare occurrence on any race-course and the first occasion on which it has happened in Hongkong for many years.

Ideal weather conditions were responsible for the large crowd present. A feature of the day's programme was the big fields. This added to the usual difficulty of picking winners and there were several upsets resulting in some very handsome dividends being paid out to a few lucky punters.

HIGHEST DIVIDEND
The highest dividend of the day was paid by Roody who returned \$158.80 for third place. This was the only three figure dividend paid for the afternoon.

By being only twice unplaced in seven mounts (including three winners), Mr. D. Black was the champion jockey for the day, while Mr. Dunbar was the leading owner with one winner and one second.

His win on West Lake in the Carnation Handicap qualified Mr. K. I. Ip for graduation from the novices class.

RACE ONE
Moonlight View was quickly away to a good start, followed by King's Warden and Jober, with Bear Claw next. This order was maintained past the Grand Stand first time round and almost up to the rock when Moonlight View showed signs of weakening as Eve of Harvest came up and took command of the field, into the home stretch. Confusion Bay, making a strong final spurt caught up with the leaders and went on to win in a close finish, snatching victory from Eve of Harvest by a short head. Moonlight View was able to maintain third place, while King's Warden was fourth and Bear Claw fifth.

RACE THREE
Canberra Handicap—One Mile

The field raced in line for a turgid before Double Chance assumed the lead with Counting Eye in close attendance. The rest were in a bunch most of the way. Tornado Star and Lancashire Chips were going hard till the bend, when the former began to move up steadily, and taking the lead went on to win convincingly by half a length from Lancashire Chips who was not disgraced in taking second place. Cocklehol making a late but very strong challenge, was able to take third place from Double Chance who finished weakly.

CURRENT FILMS

QUEEN'S AND ALHAMBRA—Pygmalion (MGM). The third Bernard Shaw comedy to be filmed and the most successful. Leslie Howard as a phonetic expert who makes a girl, played by Wendy Hiller, Good support from Wilfrid Lawson and a splendid cast. Worth ten other pictures, and should not be missed.

KING'S—The Four Feathers (United Artists). Alexander Korda presentation of A. E. W. Mason's story of a man branded as a coward during the Boer War. Excellent technical colour. With Ralph Richardson, John Clements and June Duprez.

ORIENTAL—Captain Fury (United Artists). Brian Aherne as a convict Robin Hood in plunger Australia. His performance and the comedy of Victor McLaglen are the best things in a conventional adventure story given an original setting and good production.

CATHAY—The Story of Vernon and Irene Castle (RKO). Real romance of a famous dancing team. Charming enacted by Fred Astaire and Ginger Rogers. Not much excitement, but interesting.

STAR—Alice in Wonderland (Paramount). Charlotte Henry as the beloved Alice of Lewis Carroll's brilliant and immortal fantasy. All the familiar characters of the tale, played by the best known players in Hollywood. A decided treat for the children. Intelligent grown-ups will also find enjoyment.

MAJESTIC—Confessions of a Nazi Spy (Warner Bros.). The discovery and capture of Nazi spies in America related in a semi-documentary style. Authentic, realistic and well acted. This is Hollywood's first frankly propaganda film, and is well worth seeing.

National Day Observances In Macao

(From Our Own Correspondent)
MACAO, Oct. 6.—The 25th anniversary of the foundation of the Portuguese Republic was celebrated in this Colony yesterday, modestly as compared with the celebrations of previous years.

The principal event was the opening of the newly reconstructed San Rafael Hospital, the sponsors of which is the Santa Casa de Misericordia, and which is supported by the Macao Government.

The celebrations were first marked by the playing of the "Alvorado" or "Dawn-Song" by Police buglers outside Government House in the early morning, two hours after which the multi-coloured flag of the Portuguese Republic made its appearance on all public buildings in the Colony.

BRILLIANT TURN-OUT

A brilliant turn-out by Macao officials and residents was witnessed at the inauguration ceremony of the new hospital performed by His Excellency the Governor of Macao, Dr. Artur Tamagnini de Sousa Barbosa. His Excellency was welcomed in a short address by Major A. Majer, trustee of the Santa Casa de Misericordia. Inaugurating the new hospital, the Governor said he considered this work to be the most outstanding benefit given to residents of Macao under his administration. Streams of visitors then inspected the new hospital, which is fitted with all modern and up-to-date conveniences and facilities.

A distinguished gathering assembled at Government House at noon when naval, military and civil officials and local residents tendered their felicitations to the Governor.

Following this ceremony the inauguration of the newly constructed Municipal Primary School at Avenida Vasco da Gama took place. The new school is an outstanding scholastic institution in this colony, and is adapted for local conditions in respect of lighting and ventilation.

Macao was brilliant with electric illumination after nightfall, the searchlight display by the naval sloop, N.R.P. Joao de Lisboa, in the Porto Exterior, drawing the attention of all residents.

H.K. VOLUNTEER ORDINANCE

In exercise of the powers conferred by section 10 of the Volunteer Ordinance, 1933, the General Officer Commanding the Troops, with the approval of the Governor after consultation with the Commandant of the Hongkong Volunteer Defence Corps, rescinds paragraph (4) of regulation 3 in the Regulations Respecting the Constitution, General Government, Discipline and Training of the Hongkong Volunteer Defence Corps, published as Government Notification No. 666 in the Gazette No. 37 of August 25, 1939, and substitutes the following paragraph therefor:—

(4) Unit reserves will normally consist of volunteers who have completed three years' service in the corps. During the period that the provisions of the Compulsory Service Ordinance, 1939, (Ordinance No. 32 of 1939), are in force all volunteers under the age of forty-one years will be transferred from unit reserve to the active list of the unit. No volunteer under forty-one years of age may be transferred to a unit reserve except as a special measure.

CATHOLIC
CATHEDRAL

The wedding of Miss Florence
Mary Foster, daughter of Mrs.
F. M. Foster, and Mr. Demetris M.
Kavir, son of Mr. and Mrs. E.
Kavir, took place at the Roman
Catholic Cathedral on Saturday
morning.

The Rev. Fr. Spada conducted
the ceremony, which was accom-
panied by a nuptial mass, after
which a reception was held at
Metropole Hotel.

The bride, who was given away
by her uncle, Mr. George B. Foster,
was attended by Miss L. Foster,
whilst Dr. V. Atienza acted as best
man.

The couple left for their honey-
moon at the Repulse Bay Hotel.

CHINESE WEDDING

Another wedding on Saturday
took place at the Luk Kwok Hotel,
when Miss M. C. Chau became the
bride of Mr. P. W. Chan, B.A., of
Lingnam University, son of Mr.
Chan Shek-shun, former Chairman
of the Chinese Building Contrac-
tors' Association.

The ceremony was conducted by
Mr. Tam Shu-hong, vice-chairman
of the Po Leung Kuk.

A large number of friends and
relatives attended the dinner re-
ception at the bridegroom's resi-
dence. The honeymoon will be
spent in Haiphong.

ARMED ROBBERS
CAPTURED

Six men were arrested by police
in connexion with an armed robbery
committed on Thursday at No. 49,
Connaught Road Central.

Three of the alleged robbers
were arrested in a house at Shau-
kiwan on Friday morning and the
rest were taken into custody on
board a junk in the harbour.

It was alleged that the six men
had victimised one Leung Yuen
Remittance Agency of money and
jewellery to a total sum of about
\$5,000.

DOUBLE MURDER
ON BOARD JUNK

A double murder is suspected to
have occurred on board a junk
lying off Mongkok on Saturday
night.

In response to the cries of "save
life" a passenger junk took to the
direction from which the cries
came, and found the bodies of a
man and a woman. No weapons
could be found nor any appearance
of a struggle. It is believed that the
couple were poisoned.

"Pygmalion" Is
Perfect FilmSHAVIANISM AT ITS
BEST AT QUEEN'S

Brilliant acting, brilliant comedy
and a brilliant debut by Wendy
Hiller as Eliza Doolittle, make
"Pygmalion," the Metro-Goldwyn-
Mayer production, which opened
at the Queen's Theatre on Satur-
day to packed houses at every
show, a film that really must not
be missed.

Directed by Anthony Asquith
and Leslie Howard the production
is Shavianism at its best with a
capital performance by Mr.
Howard as Professor Henry Hig-
gins, world-famous expert on
phonetics. His transformation of
Miss Hiller from a Covent Garden
flower seller to a society debutante
and the methods which he adopted
to make this possible provided as
fine an entertainment as the
severest critics would demand.

The plot, based on the story of
Pygmalion and Galatea, is brim-
ful of satire, satire of a healthy
type—and crowded with hilarious
situations.

The climax is typical of G.B.S.
A very able supporting cast is
provided in the persons of Wilfrid
Lawson, Marie Lohr, Scott Sunder-
land, Jean Cadell, David Tree,
Esme Percy and Violet Vanbrugh.
"Pygmalion" is showing to-day
both at the Queen's and Alhambra
Theatres to-day.—EMN.

rest; Secretary: Dr. G. E. Rowan.

ROBBERY NIPPED
IN THE BUD

Sentences totalling 33 months'
hard labour were passed at Kow-
loon Court on Saturday, on five
men convicted of conspiracy to
rob at No. 193, Cheungshawan
Road.

ing, said the potential haul

information received, a police

Significant
Omission

A memorandum from the French
Ministry of Foreign Affairs
published in the French press,
exposes a deliberate falsification
in the German White Book of a
telegram sent by the Havas agency.
The telegram refers to the first of
two proposals made by the Italian
Government to the French and
other governments for a confer-
ence to settle the Polish-German
dispute.

The first proposal was made on
August 31 and to it, the French
Government in agreement with
the British, gave an affirmative
reply. But in reply to the second,
made on September 2, 36 hours
after the German troops had en-
tered Poland, the Italian Govern-
ment were told that the proposed
conference could not be held un-
less German troops were with-
drawn from the invaded terri-
tory.

ORIGINAL TELEGRAM

The original telegram, referring
to the first Italian proposal, sent
off on the night of September 1-2,
ran as follows: "The French Gov-
ernment were informed yesterday
of the Italian demarche and gave
an affirmative reply."

The whole sense of the telegram
as published in the German White
Book is subtly altered by the
omission of the single word,
"yesterday." The German version
of the Havas telegram reads:—
"The French Government were in-
formed of the original text of the
telegram and gave an affirmative
reply"—thus implying that the
French reply related to the second
Italian demarche of September 2,
made after the German troops
had invaded Poland.

DELIBERATE FALSIFICATION
The French memorandum points
out that the omission is a delib-
erate falsification. Designed to
deceive German and foreign
public opinion as to the date, the
object was the significance of the
French affirmative reply—it gives
the utterly false impression that
even after the entry of German
troops into Poland, France was
unconditionally favourable to the
suggestion for a conference, while
England had rejected the sugges-
tion.

The truth is that there was com-
plete agreement between the
French and British Government
on this point, and not, as the
German version

HONGKONG, OCTOBER 9, 1939

CHUNGSHAN
SIDESHOW

AFTER A YEAR and a half of constant threats and extremely frequent attacks, the Japanese army has finally succeeded in occupying the Chungshan district, Kwangtung's richest rice producing area, birthplace of Dr. Sun Yat-sen homeland of a very large proportion of overseas Chinese, and great food depot for this Colony.

THE FIRST ATTEMPT to land on the Chungshan coast was made in February 1938 and was repulsed by the gallant people's militia of Tongawan. Then came the occupation of Samcho Island—administratively a part of the district. With the fall of Canton, Chungshan lost all military importance. Regular troops were withdrawn and the administration was physically severed from that of the rest of the Chinese Republic. Nevertheless, the Japanese did not immediately march in to take control of the area and secure the rich prize of the harvest, just then in the ear. They knew that the home of the most enterprising and hard-headed of the Cantonese would not fall without a fight, and they were not ready for a fight.

SINCE THAT TIME, the fortunes of Chungshan have been closely tied up with the fluctuations in Anglo-Japanese relations and, therefore, in more or less direct fashion, with the position of Hongkong. Her recent attacks on Wangmoon, which were heroically repulsed, were timed to coincide with the August advance of Japanese troops

SALE OF WORK
AT KOWLOON
UNION CHURCH

The Kowloon Women's Guild held their annual sale of work Saturday, afternoon in the Kowloon Union Church Hall, Jordan Road.

A large attendance of ladies gave special attention to the sweets and home domestic section of the fete where pastry, preserves, candy, and various specialties were on sale. The handicraft section where sweaters, sewing accessories, novelty items of handwork, were for sale was well patronized.

The many raffles proved very popular and the book section sale was most satisfactory.

Tea and light refreshments were served during the afternoon for a small charge.

The proceeds are in aid of Church funds.

to the Kowloon border. With the signature of the German-Soviet Non-Aggression Pact, the threat to Chungshan, along with the tension on the Border, slackened perceptibly. On September 12, when the Japanese attitude towards Britain was again becoming provocative, Wangmoon saw its second battle.

THE FINAL ATTACK yesterday was carried out not by hundreds but by thousands of men. Naval artillery and numerous airplanes participated in the operations. Reuter states that Shekhi was reduced to ruins while hand-to-hand encounters were raging in every street. The district magistrate, Gen. Chang Wei-chang, personally led the militia east of the city—as he had led them at Wangmoon. However, the Japanese assault was too violent to be withstood by such meagre forces.

THE RESULT is that Shekhi is at last in Japanese hands, as is the new rice crop, which will be gathered at the end of this month. Whether any Chinese force can now remain in the district is doubtful. The country, except for a slight hilly fringe along the coast, is flat as a table and intersected by creeks. There is no place to hide from planes during the day, and hardly a ricefield to which the flat-bottomed Japanese creek gunboats, with a draught of two or three feet, cannot penetrate. This does not mean, however, that the population of a million and a half hardy, intelligent and traditionally unruly peasants will not make the occupation a very uncomfortable one.

FOR CHINA, the occupation of Chungshan carries no military disadvantage. There are no roads in the district that lead into the interior of Kwangtung—except the road to Canton. The waterways also do not give access to any potential Japanese objective. Even the rice exports, which formerly went to feed Canton, have of late been deflected to this Colony—so that the food supply of the province will not be seriously affected. The only effect of the new conquest on Chinese resistance will be to add the despoliation of the birthplace of Dr. Sun and the efforts that have since been made to build a "model district" around it to the list of Japanese outrages against the body and spirit of China. Perhaps the insult will be deepened by some thrice-perjured Wang Ching-wei coming, by kind leave of the conqueror, to pay obscene pseudo-homage at the home of the Father of China's fight for independence. That is all.

FOR HONGKONG, the matter is more serious. With the Japanese in Canton, on Hainan, in Chungshan, and on the border, the military and economic position of the Colony is not of the happiest. The shipping trade to Macao is bound to suffer and the only inlet of food free from Japanese control will be Kwangchowwan. With war-darkness deepening in Europe, Japan is back again at her old game of putting the screws on the Far Eastern outposts of Britain's influence and power.

CORRESPONDENCE

SQUATTERS

To the Editor, "Hongkong Daily Press"

Sir—With regard to the matter of the Kowloon squatters I should like the following facts to be put before the public.

It appears that several months ago the Government decided that all areas occupied by squatters huts should be cleared, but it was soon found that by the ordinary process of Court action, taken for encroachment on Crown land, the squatter settlements could not be removed as quickly as they were being erected.

This was, however, the only course of action open to the Public Works Department, and the Government had then to consider whether the work of clearance should not be handed over to the Health authorities, who were granted extraordinary powers several months ago to remove squatters' huts without going through the slow process of obtaining Court orders for eviction.

It is understood that the Government has now, after careful consideration, decided on this procedure, and the Hon. Director of Medical Services has been authorized to proceed, through his Health officers, with the removal of all squatters from sites illegally occupied by them.

As a beginning, two large areas are being prepared (one on the island beyond Shaikwan and one on the mainland near the shore about a mile to the southeast of Kaitack). Water is being laid on to these areas, and latrines are being erected. Sites for sheds are being marked out, and the evicted squatters will be given the choice of erecting their own sheds or entering Government camps, renting accommodation in tenements, or returning to China.

Additional European and Chinese staff are being appointed, to ensure that, once cleared, the sites will not again be occupied by squatters.

It must be understood that this refers only to squatters on Government land. The Public Works Department is said to be faced with great difficulties in dealing with squatters on farm land, on which the owners have sold building lots for ridiculous figures, e.g. \$250 for a piece of ground the real value of which was only \$15. On these sites, contractors (who must have been aware that the building authorities' approval of plans was necessary before buildings could be legally erected and that, in any case, they could not be erected on farm lots) have built, to the owners' orders, substantial stone residences without authority.

Other lot owners have erected on their farm land (on which buildings may not be legally erected) a large number of sheds of semi-permanent construction which are leased on a monthly rental, representing 120-150 per cent. annum on the value of the buildings.

Still other owners of farm land have permitted the erection (against payment of a monthly ground rent) of the ordinary squatters' huts or hovels.

The total number of persons living in unauthorized buildings of these three classes in Kowloon is stated to be not less than 80,000, possibly more.

It is known that the P.W.D. has issued summons in a large number of these cases, but it is reported that the Department has been hampered by the law's delays, and the large number of appeals "ad misericordiam" submitted to the Government.

It is now known, however, that, as in the case of illegal structures on Government land, the authorities have decided that there must be no further delay, and it is understood that, instead of the hopelessly slow and unproductive method of legal proceedings against individual squatters, it is probable, that a rude shock is coming to the owners of farm land by Government resumption, without compensation, because of breach of the conditions of their leases. If the land thus becomes once again Government land, all squatters can be cleared off immediately by Health officers of the Medical Department.

In the article in the "Hongkong Daily Press" dated October 4, it was stated that when the P.W.D. took action against certain occupiers of these illegal buildings, other occupiers of similar buildings, against whom action had not yet been instituted, had hastened to secure temporary building permits, and were now paying taxes. I am reliably informed that this statement is entirely without foundation, and that the P.W.D. is not issuing any permits for buildings which have been illegally erected, and, on the face

PAA Orders
22 Clippers

Pan American Airways officials in New York announced an order of 22 Clipper flyingboats and land transports as part of a \$6,000,000 programme.

The new order would indicate a speeding up of schedules on the trans-Pacific route between San Francisco and Hongkong. Besides various other services in the vast network of Pan American Airways' routes.

Within a year it is expected a regular weekly service will be maintained on the new route from California to Australia.

The programme of the aviation company includes orders for six B-314 flyingboats, which are an advanced design of the original Boeing Clipper, now in the transatlantic and trans-Pacific service. There are six of these Boeings in operation. Two of them, the California and Honolulu Clippers, travel between San Francisco and Hongkong, the other four cross the Atlantic Ocean.

The order for six more of these 74-passenger air liners seems to be justified by the announcement made lately by Pan American that commencing October 7 it is doubling its air mail and passenger service to Europe via Bermuda and the Azores. The service at present is twice weekly.

of it, it is most unlikely that the Government would countenance this whole wicked ramp by assessing the buildings for taxes.

The suggestion seems to have been made from certain quarters that the Government may permit conversion into building lots (on payment of the usual conversion premium) of the farm land on which these permanent, or semi-permanent, buildings have been erected. It seems, however, that this is quite impossible because of town-planning requirements, and it is to be feared that a solution of the problem cannot be found in this direction.

While it appears certain that wholesale clearance of squatters' huts of the common type is about to be put in hand without further delay, it is understood that the Government has not yet reached a decision regarding illegal stone buildings of a permanent nature. It would seem, however, that the limit of concession which the Government is likely to make is such structures may, subject to satisfactory sanitary arrangements, be tolerated without permit or other official recognition, until the end of the present period of emergency, when all illegal structures of every kind will be removed.

It is learned upon good authority, however, that the Government has not yet even considered such a concession, and that reports to the contrary which have appeared in several Chinese newspapers within the last few days are incorrect.

PRO BONO PUBLICO.
Hongkong, Oct. 6.JAPAN AND
GERMANY

Sir—General Ono, the German Ambassador, in an attempt to appease the Japanese after the shocking insult Hitler inflicted upon them by coming to terms with Russia, is now trying to draw a distinction between Communism and the Anti-Comintern pact which is designed to exclude the "pestilence" of Communism, as Hitler describes it, from their respective countries.

Is it reasonable to suppose that General Abe was influenced in the slightest degree by Britain, whose interests in China at the moment are being challenged by Japan, when he categorically denied the statement that the Japanese were revising their relations with the Soviet at Herr von Ribbentrop's suggestion. The material price that Japan would have to pay for a pact with Russia would be nothing compared with the loss of prestige such an arrangement would involve. On what basis could the Japanese continue to co-operate with Germany after this complete reversal of policy on Germany's part?

It is suggested by Germany that Russia should cease to assist Chiang Kai-shek, come to terms with Japan, and take as her reward a large part of Poland, leaving Japan to control China. Poor China! Poor Poland! They intend, apparently, to part Poland's and China's garments among them, and upon their vestiture to cast lots. Such is Germany's idea of honour, but it is improbable that Japan will sink to the same level as Germany in this matter.

OBSERVER.
Hongkong, Oct. 7.COMMENTS
ON CURRENT
EVENTS

You may be wondering how the effects of German submarine warfare on Britain's merchant fleet compare with those of the last war. Such a comparison is exceedingly favourable.

According to Mr. Chamberlain's statement in the House of Commons almost 3,700,000 tons of shipping entered and cleared British ports during the worst ten days of German submarine warfare, that is from September 11 to September 20, out of which only 1.75% were lost on account of U-boat attacks or mines. This means that on the average only one out of every 58 ships, or rather one out of every 58 tons of shipping was lost and that the total tonnage destroyed was no more than 64,000 tons.

TREMENDOUS LOSSES

Compare these figures with the tremendous losses which the British merchant marine suffered during the one month of April 1917 alone: nearly one million tons of shipping were sunk during that worst month of the last war. One ship out of every four which left British ports never came home, in April 1917 while even during the bad ten days of last September 57 out of 58 ships safely reached their destinations.

During the last war, German submarines succeeded in sinking a total of eleven million tons of shipping, which was almost equal to the whole tonnage of Britain's mercantile marine at present. But British shipbuilding kept pace with that tremendous rate of destruction during the last war and the war was won in spite of the effectiveness of German submarine warfare.

SMALLER LOSSES

This time, however, there is hope that the losses of the British merchant marine will be much smaller even if the war drags on for a long time. Mr. Chamberlain stated that since September 24 no British ship has been reported sunk by enemy submarine action. For the vast forces of the British Navy have since been chasing German submarines with obvious success. And whatever victims German submarines found during the last two weeks were ships of neutral nations.

Mr. Chamberlain also stated that since the outbreak of the war not a single ship has been lost in convoy which shows clearly how much the dangers from submarine warfare will decrease once most of, or all, the British merchant ships will be conveyed by men-of-war.

A NEW WEAPON

The terror of the German U-boats was so great during the last war because the submarine was then a comparatively new weapon which found the British Navy much less equipped for an effective defence of merchant vessels than it is now. This terror is unlikely to repeat itself, for anti-submarine methods, especially in the British Navy, have made much greater progress during the last twenty years than have the methods of submarine attack. The last few weeks proved this fact beyond any doubt.

On the other hand, Britain's capacity for the construction of new ships, merchant vessels as well as men-of-war, is greater now than it ever was before. It seems impossible now for German submarines to inflict losses on the British merchant marine, which are even nearly as great as the continuous additions to it of newly constructed tonnage.

"Saws Through Woman"

Trick Brought Fame

Horace Goldin—the magician famous for his "Sawing a Woman in Two" trick—died at his home in Queen's Gardens, Paddington. Mr. Goldin, who was about 65, had just returned from an appearance at a North London music-hall when he had a heart attack.

He had performed before King Edward VII. and Queen Alexandra, other members of the Royal Family, and the ex-Kaiser. Mr. Goldin invented a camouflage by which he claimed soldiers could be made invisible.

TAIPO MISHAP

Mr. W. F. Fong, driving an open two-seater Ford car, met with an accident on the Taiipo highway in the New Territories on Saturday when his car went off the road and into a gully on a sharp turn. No persons were injured.

Hello & Goodbye

(BY A. W. HYER)

Using the "gum-shoe method" we quietly investigated the activities of the shipping and air departments over the week-end and found much was happening.

First of all the British Ambassador to China, Sir Archibald Clark Kerr, and his staff, arrived in the Colony from the North, only to depart a few hours later for Chungking. The Ambassador as usual, always aiming to please the Press, had little information and was delightfully non-committal. The Ambassador certainly leaves a trail of friends in his wake by his informal and jolly manner.

Imperial Airways are late this week due to the main Empire route service, but this is to be expected because of European conditions. The air mail from all Empire ports will be arriving this afternoon.

Imperial Airways

SUNDAY MORNING, bright and early, 7 a.m., the Dorado under the skilful command of Captain B. A. Dykes took off for Bangkok.

Mr. S. Nevalia, the businessman who has been taking the round-about way on his return voyage to his home and office in Bombay, from Europe and England, commenced the last leg of his journey. He was quite excited over the forthcoming air journey to India and hopes to make the same four months' tour again next year. "Round-the-world in four months!"

Dona Dsong Bi and Mr. Ivar Stewart John were travelling by Imperial Airways, respectively to Hanoi and Gwalior. Business trips are the excuse for these two passengers.

Steamer Traffic

SAILING HOME to Manila over the week-end were Miss M. Araneta and Mr. and Mrs. J. C. Cuesta. These prominent southern residents have been on vacation in Japan and Shanghai. Several days were spent in Hongkong where they trans-shipped to the Canadian passenger steamer which carried them home.

Mr. J. C. Little, executive of International Harvester in Manila, returned to the south after a very short business call here. This genial American businessman flew by Clipper to the Colony last week but missed the early morning return flight.

FIRM HAS OWN
SCHOOL FOR
APPRENTICES

Although there is nothing novel in the idea of an industrial firm providing educational and training facilities for their trade apprentices, probably few deal with the matter in so thorough a manner as Messrs. Leyland Motors, Limited, of Leyland.

For many years the firm has owned and operated a day continuation school which has been carried on in a number of Army huts.

The place of these has now been taken by an attractive brick building constructed specially for the firm's South Works. The school is run in connection with the local education authority, and the headmaster, Mr. H. Darnell, B.S.S., and his four assistants are appointed and remunerated by the County Educational Committee. Mr. Darnell has been in charge of the school for nearly nineteen years.

NEW BUILDING

The new school is attractively laid out round a central quadrangle. The premises include two class rooms, a drawing office, a science laboratory, handicrafts room, and a gymnasium, 70 ft. long by 40 ft. wide. There is also a large recreation room, in addition to the usual stores and offices.

The engineering apprentices are given general training which takes them through all departments of the works, and through the drawing and general offices. They live at a hostel maintained by the company.

DE BOND GIVEN
NEW-POST

ROME, Oct. 7 (Reuters).—Signor Mussolini to-day appointed Marshal de Bono Inspector-General of Italy's Overseas Forces.

Mr. and Mrs. T. Yule, and their two lovely young daughter who are "pretty as pictures," were travelling to Manila. Their farewell was certainly a hectic and gay affair in the family, so to speak!

When the American passenger steamer arrived during the week-end, there were many anxious and excited greeters awaiting at the pier.

Lieut. Commander and Mrs. James Clay, formerly number one of the U.S.S. Mindanao, were passing through our city en route to the United States from Manila. There were many friends down to toast and shake the hand of these popular American Navy people.

Mr. Robert De Vos, that handsome Belgian Consul in Hongkong, returned from a short visit in Manila. And the southern sun certainly presented him with a healthy complexion!

Mr. Jack Horton came back to Hongkong. This official of the Radio Corporation of America went south on the Dutch steamer and hurried back by the American passenger vessel.

There were certainly exciting and plentiful greetings on the pier awaiting Mr. J. N. Sweeney, of the Hongkong and Whampoa Dock Co., Ltd. This engineer has been in Manila on a business trip. His welcome must have been a great one as he is very popular in the south and north.

Mr. D. L. Lyle, official of Talco Dockyard and Engineering Co., Ltd. also returned from a business trip to Manila. Relatives and friends were certainly glad to see him return, it was almost as if he had been gone for months! Health Service in Manila, has come calling on our city. He seemed very happy with the world on his arrival.

Great gaiety centred around the Mr. and Mrs. W. G. Wilson and their two very nice children. Miss A. Wilson and Master D. Wilson. This pleasant family are connected with Asiatic Petroleum Co. and arrived from Manila.

Mr. and Mrs. M. Freeman, President of the Asia Life Insurance Co., will stop over in the Colony for a short while before proceeding North to their home and office. These frequent visitors recently left Hongkong for an inspection of conditions in Manila—business is good and on the "up and up!"

KERENSKY
WEDS

Alexander Kerensky—who in 1917 was head of Russia's first Government after the revolution—was married at Easton, Pennsylvania, to Lidie Allen Tritton, daughter of Mr. Cedric Tritton, an industrialist of Brisbane, Queensland.

She was formerly married to another Russian, M. Nayadin. The marriage was dissolved in London in 1936.

M. Kerensky, who gave his occupation as "editor," has also been previously married. He is 58, has two sons living in England. His first marriage was dissolved in Paris.

BRILLIANT LAWYER

When the Tsarist regime was overthrown in 1917, Governmental committees, and councils succeeded one another until Kerensky formed his Government in June. He had to maintain the balance of power between the Soviets, led by Lenin—who came from the same village and was the star pupil of Kerensky's schoolmaster father—and the Liberals, whose influence was waning.

Kerensky was a brilliant lawyer and fine orator. But he could not create the moderate element between reaction and revolution. His Government fell after 100 days.

Lenin's Bolshevik regime took its place.

He went to live in exile in Paris, founded a newspaper for Russian Parisians, which he now runs. Six years ago he came to live in England for a time—to learn the language—then went to the United States to lecture. Now he is honeymooning in New York State, and will return shortly to Paris.

TWELVE GERMAN RAIDS REPULSED ON WESTERN FRONT: NAZI ATTEMPTS TO TEST FRENCH LINE

Persistent Attacks At Three Points: More Air Fights Over Rhine

PARIS, 7 (Reuter)—Twelve German raids were repulsed by French artillery and machine-gun units last night.

The purpose of the raids, it is stated, was to test the French line with the hope of finding a weak spot for a large attack.

A German communique says that French artillery was active, and that local enemy patrols were repulsed.

The French artillery apparently caused the Germans some anxiety, since it is described in the communique as "harassing."

AIR BATTLE

French and German planes staged an air battle over the Rhine yesterday afternoon.

The Nazi communique alleges that French reconnoitering planes tried to cross the river at Bonn but were driven off by German fighters and by anti-aircraft fire.

The Nazis, as usual, admit no losses, but claim that one French plane was brought down at Göttesburg and a second forced down 15 miles from Bonn, the crew of four being taken prisoner.

PERSISTENT ATTACKS

PARIS, Oct. 7 (Reuter)—There have been persistent attacks by the German forces in the past 24 hours.

The enemy are attempting to push into French territory at three points between Saarbrücken and the Rhine.

The main attack was delivered at Horschwald, south-west of Saarbrücken.

BRITISH ENVOY IN CHUNGKING

CHUNGKING, Oct. 7 (Reuter)—Archibald Clark Kerr, arrived unexpectedly at 7.45 this morning from Hongkong, accompanied by Sir Arthur Blackburn and four other members of the Embassy staff.

The movements of the Ambassador were kept so secret that the British diplomatic mission and the Chinese Foreign Office had no information of his arrival.

MET AT AERODROME

CHUNGKING, Oct. 7 (Central)—Sir Archibald Clark Kerr was greeted at the aerodrome by Dr. Tuan Mu-lan, Secretary of the Foreign Ministry, and a number of British and Chinese officials. Immediately after landing, the British envoy motored to his official residence for a rest.

The British envoy is due to call on Dr. Wang Chung-hui, Minister of Foreign Affairs, next Monday.

Commander Of Canada's First Contingent

MAJOR-GENERAL MCNAUGHTON

OTTAWA, Oct. 7 (Reuter)—Major-General Andrew McNaughton, who was Chief of Canadian General Staff from 1929 to 1933, will command the first contingent to proceed overseas of the Canadian Active Service Force.

General McNaughton had a distinguished record in the Great War as an artillery officer. He was wounded twice and mentioned in despatches three times, gaining the D.S.O. in 1918.

60,000 RECRUITS

TORONTO, Oct. 7 (Reuter)—A total of 60,000 recruits has been added to the permanent Canadian Militia from the normal figure of 7,000 since the war began.

This figure does not include recruits for the Air Force and Navy.

LORD NUFFIELD GIVES £100,000 TO WAR FUND

LONDON, Oct. 7 (Reuter)—Lord Nuffield will go to Mansion House on Tuesday and hand the Lord Mayor £100,000 towards the War Fund. He undertook to subscribe this sum as soon as the fund reached the quarter-million mark.

The fund is for the sick and wounded in the war, and Tuesday will be the first national flag day since the war started.

More Support For Neutrality Act Revision

WASHINGTON, Oct. 7 (Reuter)—Advocates of repeal of the arms embargo in the Neutrality Act gained another supporter to-day in the person of Senator Bailey, the North Carolina Democrat.

Senator Bailey stated: "Since we are not willing to help Britain and France, surely we shall not support Germany by a policy 'seen throughout the world as unnecessary to neutrality."

ACCURACY OF SHIP'S GUN

LONDON, Oct. 8 (Reuter)—Passengers on board an incoming British liner testify to the accuracy of the vessel's gunfire.

Twice on the home journey the crew tested out the 4.7 inch gun mounted on the vessel's stern in case of attack by an enemy submarine.

While passengers lined the rail a chest of tea was thrown overboard and was split open by the first shell. A few days later, another chest was thrown overboard and when it had fallen behind the first shot registered a direct hit.

The British Trade Commission is expected to arrive in Yugoslavia shortly, says Reuter.

'COMFORT' FUND FOR VICTORIOUS TROOPS

CHUNGKING, Oct. 8 (Central)—The National Soldiers' Relief Association has appropriated \$10,000 as a "Comfort" Fund for the Chinese troops responsible for the victory in North Hunan.

The Association has meanwhile addressed a telegram to the troops praising their gallant defence of Changsha.

Congratulatory messages have also been sent by the Sun Min Chu Yi (Three Principles of the People) Youth Corp., the Chungking Municipal Kuomintang Headquarters, the China National Labour Association, and the Chinese Mohammedan National Salvation Association to the Chinese troops on the North Hunan front.

JOINT TELEGRAMS

Civic bodies in Hunan have jointly sent telegrams to Generalissimo Chiang Kai-shek, and the Chinese military authorities and troops in North Hunan paying respects for the part they played in the recent victory.

A mass meeting will be held tomorrow at an undisclosed place in Hunan to celebrate the victory.

FOOD RATIONING IN NORWAY

OSLO, Oct. 8 (Reuter)—Sugar and coffee are to be rationed in Norway as from November 8. Norwegians will receive ten-and-a-half ounces of sugar and three-and-a-half ounces of coffee.

A BANDIT TRYING TO TERMS WITH LAW: U.S. TO HITLER'S SPEECH

ROOSEVELT NOT LIKELY TO TAKE INITIATIVE FOR ARMISTICE

WASHINGTON, Oct. 7 (Reuter)—The State Department does not comment on a report that it is suggested from Berlin that Hitler will agree to an armistice if one is proposed by President Roosevelt.

Informed quarters believe that President Roosevelt is unlikely to propose an armistice unless he has an official assurance beforehand that Britain and France would agree.

NEW YORK, Oct. 7 (Reuter)—The "New York Times" is mystified by Hitler's speech, which it says was more calculated to annoy the allies than please them.

Hitler needs peace because he has good cause to doubt his confident assertion that Germany can survive a long blockade and to fear the anger of the German people when they discover that once again they have been taken into the dark valley of disaster.

The "Herald-Tribune" declares there is nothing in the speech but a blunt demand to call off the war on Hitler's terms.

It is incredible that a truce should be erected upon this foundation. Typical of American newspaper comment on the Hitler speech is that of the "Washington Star," which compared it to that of a bandit trying to come to terms with the law on the basis of immunity for his past misdeeds.

"Peace is possible, but only with a government whose word can be trusted."

COME TO REACTION

LONDON - PARIS AIR SERVICE

LONDON, Oct. 7 (Reuter)—The regular air service between London and Paris, interrupted by the war, is to be resumed jointly by Imperial Airways and Air France. It is hoped the service will start next week.

An official of Air France said to-day that the service, though regular will be restricted.

MORE U.S. CARGO VESSELS

NEW YORK, Oct. 8 (Reuter)—The United States Maritime Commission has ordered eight more cargo vessels. This brings the total contracted for to 127 at a cost of more than \$1,200,000,000.

European Situation Left Unchanged: Neutral Views On Reichstag Speech

LONDON, Oct. 7 (Reuter)—The reaction of European neutrals is that Hitler's speech leaves the situation unchanged.

Norwegian feeling is that the speech offers no basis for negotiations, and dashed any faint hope of peace.

Finland regards the speech as propagandist, leaving the situation unchanged.

The "Amsterdam Handelsblad" says the speech gives no hope that Britain can consider it as the starting point for fruitful and reciprocal understandings.

JAPANESE COMMENT
The Japanese press also dismisses the likelihood of the Allies seriously considering Hitler's proposals.

The "Yomiuri Shimbun" doubts whether Britain and France will accept an international conference, and expects they will continue fighting till Poland is satisfactorily restored.

The "Nichi Nichi Shimbun" stresses Mr. Chamberlain's often expressed distrust of Hitler.

CONQUEROR'S PEACE

LONDON, Oct. 7 (Reuter)—News-paper reaction abroad is practically identical with British views on the Hitler speech.

"Le Peuple" (Brussels) says Hitler offers a conqueror's peace. The Dominions press is unanimous that the speech was not a peace offer, but virtually a new threat.

The "Sydney Morning Herald" says the speech was that of a bandit asking to get away with the plunder.

The "Yorkshire Post" says the speech was delivered in an armed camp by a megalomaniac who is becoming increasingly the prisoner of his own policies.

Until Nazism is overthrown there can be no peace or freedom for Europe.

MOST VAGUE

Hitler's speech has attracted world-wide attention, most of it unfavourable. Where this attention is unfavourable, it is considered vague.

There is favourable comment in Moscow and Bucharest and Rome regards it as clever and important. Copenhagen received his mention of Denmark with interest.

The British press almost unanimously regards it as not helpful. It is felt that Hitler has broken his promises too long.

BES. LEBRUN

PARIS, Oct. 7 (Reuter)—President Lebrun, accompanied by General Gamelin, the Commander-in-Chief, to-day visited French General Headquarters.

Here he saw General Georges, Chief of the Army Staff, and General Vuillemin, Chief of the Air Force.

This was President Lebrun's second visit to the war zone.

WAR COMMUNIQUE

General Gamelin's latest communique is even shorter than usual. It says that there was reconnaissance activity during the night, especially to the South-West of Saarbrücken.

NAZI PATROLS

German patrols, who are slightly stronger than usual, are becoming increasingly active.

However, they have made no impression on the French outposts, which are firmly entrenched on the German side of the frontier.

RACE FOUR

The field was sent off to a very poor start, Rose Queen and Celtic Star being badly left. Galveston Bay too was late in getting away. Musketeer assumed the lead and went on to win with ease, never at any time being in danger of losing first place. Rose Emily came up from an obscure position to take second place from Pinfarthings who was going well until the last furlong. Galveston Bay ran a good race to finish fourth and is worth following.

RACE FIVE

Jordan Handicap—One Mile

From an excellent start Bressay took the lead followed by Wilber. The rest of the field was strung out. Bressay was going well up to the rock, when Kut Cheung, who had been lying third, moved up and took command of the field as it entered the straight. Bressay was still holding on to Kut Cheung's heels, but showed signs of weakening, and so also was Wilber. Guinness Time and Matador on the other hand, were coming up well and making a late challenge went on to beat Bressay for second and third places respectively but were not able to catch up with Kut Cheung who by now had the race well in hand. Bressay finished a poor fourth, but might have done better if restrained in the early stages.

RACE SIX

Carnarvon Handicap—One Mile

National Liberty was first away to a good start, with King's Envoy and The Mermale following neck and neck behind. Dow Jones was fourth, going well, while, Gordie was last. West Lake began to improve in the back stretch and overhauling the leaders at the Rock, led the field round the home bend. The pony was going exceedingly well and from this stage was never in danger of losing its position. A furlong from home Ascot Vale came up from a bunch to beat the now thing National Liberty for second place. Opening Batsman was fourth and Dow Jones, a weak last, five lengths behind the winner.

RACE SEVEN

Austin Handicap—Six Furlongs

Although this race had a straggling start and the field was so strung out that the distance between the first horse entering the straight and the last was nearly a furlong, it provided one of the most exciting finishes of the day. Blue Diamond who had been prominent all the way seemed to have the race well in hand when taking Master, who appeared to have met with some obstruction in the earlier stages, strongly ridden by Mr. Black, came up like a thunderbolt from the distance and just missed beating the leader. The race resulted in a dead-heat for first place. Six lengths behind the leaders another desperate fight was taking place between Laughing Girl and Scenic View for the remaining honours, and this tussle also resulted in a dead heat for third place. Forgotten Star finished limping, apparently having strained a tendon.

Mr. Hung's Blue Diamond, 156 lbs. (Mr. H. M. Botelho) 1

Mr. Wong Sui Ngau's Taxing Master, 162 lbs. (Mr. D. Black) 1

Mr. Fans' Laughing Girl, 158 lbs. (Mr. S. C. Liang) 3

Mr. Lan's Scenic View, 158 lbs. (Mr. H. C. Pih) 3

Won by dead heat, with six lengths separating two candidates dead-heat for third place.

RACE EIGHT

Katoomba Handicap—Six Furlongs

While Bredon, and the favourite Strathcarrick, looked like possible winners in the early stages of the running, three outsiders, Annabella, Baffin Bay and Roofly came up in a line in the last furlong and finished in that order with only a neck separating them. It was the biggest upset of the evening, the third horse paying a three figure dividend.

Mr. Cocco's Annabella, 160 lbs.

(Mr. S. L. Sung) 1

Mr. L. Dunbar's Baffin Bay, 148 lbs. (Mr. D. Black) 2

Financial Control In New Zealand

MORE POWER FOR GOVERNMENT

WELLINGTON, (N.Z.) Oct. 7 (Reuter).—The Bill placing all financial power in the hands of the New Zealand Government, was passed by Parliament to-day.

The Deputy Premier, Mr. Fraser, said that the Reserve Bank would go on and the country would go on.

Mr. Fraser declared that as small as the country was and as small as its industry, it was too big to be dominated by one man, and the Government firmly believed that financial power should be in its own hands.

He gave an assurance that there would be no reckless inflation.

SHARE MARKET REVIEW

HONGKONG SHAREBROKERS' ASSOCIATION

Hongkong, Oct. 6, 1939.

The quiet market previously reported has been continued throughout the week under review. There has been rather more activity but the volume of business recorded for the week remains pitifully meagre. With a somewhat limited demand for shares prices have advanced slightly. Generally, however, the tendency has been to await the results of further developments in Europe.

H.K. Banks changed hands at \$122½ to \$123½. Lands came in for attention and improved from \$30½ to \$31½. Cements advanced from \$13½ to \$13.80. Electricians changed hands at \$50 with further enquiries at this price. Providents after changing hands at \$4 were wanted at \$3.90. Ropes also came in for enquiry with "business" reported at \$4.90 and further demand at the same figure. Trams were obtainable at \$15½ and Hotels were wanted at \$4.40 with sales at \$4½.

Gold mining stocks came in for steady demand, but owing to a scarcity of scrip for local delivery practically no business has been reported. The Manila market has been steady with some improvement in price levels. Benguet Consolidated improved from Ps. 9.20 to Ps. 9.50. San Mauricio advanced 4 cts to 70 cts and United Paracale 2 cts to 26½ cts. Ipo Gold also improved 2 cts to 12 cts. Paracale Gummaus moved up 2 cts to 15 cts. North Camarines at 13½ cts lost 1½ cts. Coco Grove advanced 2 cts to 14 cts.

H. K. STOCK EXCHANGE

"Good enquiries continue" and the moderate turnover that was recorded to-day was at improved prices.

COMMODITY MARKET REVIEW

(FROM PAYNE & CO.)

New York, October 7, 1939.

SINGAPORE RUBBER	buyers	October 6	October 7	change
S P O T	33-3/4	34	34	up 1/4
JAN./MARCH	32-1/4	32-1/2	32-1/2	
APRIL-JUNE	31-3/4	32	32	

The market was steady.

COTTON: The delay in the official reaction to Hitler's peace proposals by the Allies again aroused the talks of an European Armistice and this caused a moderate amount of hedge selling which met with limited trade demand. It is reported that a government cotton loan would become mandatory at 8.16 cents.

RUBBER: The market was heavy. Dealers were selling intermittently. Trading was quiet all day. The market lacks rallying power.

WHEAT: The delay in the official reaction to Herr Hitler's speech by the Allies, again evoking the feeling of a possibility of peace in Europe, was reflected in lower wheat prices. Domestic wheat surplus is estimated at 300,000,000 bushels, equivalent to six months' supply.

HIDES: Packers continued to offer freely. Tanners are withholding their purchases, awaiting lower offerings.

NEW YORK STOCKS: Previous close, 150.81. To-day's close, 149.60. Change off, 1.01.

JAPANESE DEFEATED AT CHANGSHA: GENERAL REJOICING: NIPPONESE DRIVE IN SOUTH COMMENCES

CHUNGKING, Oct. 7 (Reuter)—The worst defeat suffered by the Japanese throughout the war is how the Chinese describe the battle of Changsha, which is now in its nineteenth day.

The Chinese state the Japanese lost 30,000 killed, of whom 6,000 bodies were left on the field.

CHUNGKING, Oct. 8 (Reuter)—There is general rejoicing throughout Nationalist China over the Chinese victories claimed in the Changsha battle.

Fireworks were let off during the whole day in the streets of Chungking and a torchlight parade will be held to-night.

Extra editions of newspapers, claiming that the Chinese forces in North Changsha have advanced 20 miles in the past 24 hours, were distributed from motor cars, lorries and buses.

TALK ON FRENCH ARMY

Continued from Page 1

army not unworthy of the nation. In 1911 there was another serious threat of war and in 1914 the dam burst with results known to us all.

FOREIGN LEGION

The Foreign Legion has been, as I have said, a great favourite in English literature beginning with the flamboyant novels of Ouida. Now-a-days we have the harmless romances of Major P. C. Wien. But besides these there have been a number of books written in English which depict service in the legion as a regular hell, with sadist officers and N.C.O.'s.

On investigation these books turn out, usually, to have been written by deserters from the Legion who in order to cover the disgrace of their desertion pretend the service is as they describe it. It need hardly be said that accusations coming from such a quarter will not bear serious examination. I see by the way that a new French film undertakes to show life in the Legion as it really is and a reviewer remarks that it appears to be rather dull, which I dare say is true, in peacetime.

In War the Legion has won the highest reputation in Africa, the Crimea, in France, Mexico and elsewhere, showing what can be done by good officers with a very mixed collection of soldiers. No doubt in the present war we shall see the Legion maintained and even enlarged.

TRADITIONS

The French Army consists not only of men and arms but of traditions. The French Army has the traditions of the Marne, Verdun, and of the battles which drove the invader from French soil. It has the memory of great generals. It knows that others have been trained by years of study and practice to take the places of those great Marshals and Generals of the last war who are no more, or whose age prevents their serving actively.

We may hope whatever reverses the future may hold the French Army in company with our own, will show the enemy that the rights of peaceful nations cannot be violated with impunity. The French Army has the greatest of all military virtues, the power to recover and hit back. If it cannot command success it does at least deserve it.

A German authority wrote once of the retreat of the French Army in the early part of the last war, as follows:

"That men having retreated for a fortnight, that men camping in the open and half dead from fatigue, could take up their rifles and attack, at the call of the bugle, is a thing that we Germans had never learned to expect."

TWO MORE SHIPS FOR WILLIAMSON AND COMPANY

During the past fortnight Mr. S. T. Williamson, of Williamson and Co., has been in Shanghai on business and he returned to the Colony on Friday evening.

While in the North Mr. Williamson entered into negotiations for the purchase of two new steamers for Williamson and Co.'s fleet. One of the ships is now flying the Company's flag and the other will be delivered within two weeks.

Mr. Williamson stated the new steamers will shortly be running with limited passenger accommodation and general cargo.

Local shipping circles welcome the latest additions to the fleet.

The Danish Red Cross is forming a central office in Copenhagen for distribution of letters to prisoners of war, says Reuter.
